

HOUSING OPTIONS — IT IS YOUR CHOICE

Are you **thinking** about your home and the future?

There are lots of options open to you and with the right information you can make an informed decision about your housing options.

Care & Repair Worcestershire's Housing Options team can explain everything you need to know to make the right decisions.

Our advice is totally **FREE** as it is funded by the government.

Some options you may want to consider include:

- A support service to help you in your current home or an alarm system.
- Adapt your home to make it easier to live in e.g. install a stair lift or an outside ramp.
- Moving in with family.
- Moving into sheltered housing.
- Moving into a residential home or nursing home.

It is your **CHOICE**, our role is to explain all the options open to you and suggest which might be suitable for your circumstances and why.

Our Housing Options Advisor Melissa Seery will be happy to help.

YOUR HOUSING OPTIONS

Housing Options is a joint initiative by Care & Repair Worcestershire and the First Stop, Advice for older people national service.

We want to make sure everyone has access to information about their housing choices.

Our aim is to:

- Promote independence, dignity and choice for older people in understanding their housing and care options.
- To help people maintain their independence and live comfortably at home in later life.
- To provide face to face guidance on the services available to help you manage better at home, including care services on discharge from hospital.

If you are looking for information or advice for yourself or someone you are supporting and you live in Worcestershire area then this service is for you.

Our Housing Options Advisor Melissa Seery will be happy to help.
